Tainted constituency analysis

There were 450 tainted constituencies where at least one tainted candidate (candidate having criminal background) contested. As the following analysis shows, if voters have a choice, they prefer a clean and capable candidate. In the constituencies where there was only 1 candidate with pending criminal cases, voters chose 83% of the clean candidates and rejected most candidates with pending criminal cases. In the constituencies where there were 2 candidates with pending criminal cases, they chose clean candidates in 67% constituencies. The percentage of clean candidates however has gone down to around 35% in constituencies with more than 5 candidates. Given below is the analysis of the tainted constituencies for all candidates and all type of criminal cases.

Total number of contesting candidates with pending criminal cases	No of such constituencies	Winner with no pending criminal cases	% winners with no pending criminal cases in such constituencies	Winner with pending criminal cases	% winners with pending criminal cases in such constituencies
1	150	125	83%	25	17%
2	104	70	67%	34	33%
3	85	50	59%	35	41%
4	55	23	42%	32	58%
5	33	12	36%	21	64%
6+	23	8	35%	15	65%

Table: Tainted constituency analysis includes all candidates with all types of criminal cases

Since several independent candidates are non serious ones, if we remove them from the analysis, and if we consider only the serious nature of criminal cases, the trend of choosing clean & honest candidates is even more strongly visible.

In the constituencies where there was only 1 party candidate with serious pending case, voters chose clean candidates 67% of the times. However with limited choice in constituencies where more than 4 party candidates had serious pending criminal case only 17% time was a clean candidate elected by voters.

Total number of contesting candidates with pending criminal cases	No of such constituencies	Winner with no pending criminal cases	% winners with no pending criminal cases in such constituencies	Winner with pending criminal cases	% winners with pending criminal cases in such constituencies

Analysis based on assets

In the following pages analysis for MPs based on their assets has been given. A comparison of number of crorepati MPs in 2004 & 2009 Lok Sabha shows that the number of crorepati MPs has increased 102% this time. Similarly the average wealth of a MP of Lok Sabha 2009 is 186% more than their counterparts in Lok Sabha 2004.

	In 2004 Lok Sabha	In 2009 Lok Sabha	Increase	% Increase
Number of crorepatis	156	315	159	102%
Average Asset of a MP	1.86 Cr	5.33 Cr	3.46 Cr	186%

Increase in Assets of MPs between 2004 and 2009, as per their own affidavits

There was a huge increase in the assets of the MPs of 2004 as reflected by their own declarations in the affidavits that they submitted during 2004 and 2009. The following table summarises these findings:

No of MPs from Lok Sabha 2004 who re-contested and their details available for both 2004 and 2009	304
The average assets for these re contesting MPs as declared in 2004	Rs 1.92
The average asset for these re contesting MPs as declared in 2009	Rs 4.8 Cr
Average asset growth for these re contesting MPs	Rs 2.9 Cr
Percentage growth in assets for these re contesting MPs	289%

Chances of winning based on assets of candidates

As can be seen from the table, the higher the assets the more are the chances of winning of a candidate. In the 2009 Lok Sabha elections, 33% of the candidates who declared assets more than 5 crore and above won. On the other hand less than 0.5% of candidates with assets less than 10 lakh won. The election results seemed to be highly influenced by the money power of the candidates.

value of assets	no of candidates	no of winners	% of winners
very high (5 cr and above)	343	112	32.65%
high (50 lakhs to 5 cr)	1592	294	18.47%
medium (50 lakhs to 10 lakhs)	1911	120	6.28%
low (less than 10 lakhs)	3964	17	0.43%

About NEW

The *National Election Watch (NEW)* is a nationwide campaign comprising of more than 1200 NGO and other citizen led organizations working on electoral reforms, improving democracy and governance in India. The National Election Watch is active in almost all states of India and has done election watch for all states and Lok Sabha elections since ADR, along with couple other organizations, won the PIL in Supreme Court in 2002 to making disclosure of educational, financial and criminal background of electoral candidates mandatory.

About ADR

Association for Democratic Reforms (ADR) is a Non-Political, Non-Partisan and a Non-Governmental Organization whose PIL filed in Dec 1999 culminated in a Supreme Court order on Mar 13, 2003 requiring disclosure of criminal, financial and educational background of all contesting candidates. Since then ADR has done Election Watches in almost all State Assembly and Lok Sabha elections. It continues to work towards strengthening democracy and governance in India by focusing on fair and transparent electoral and political processes.
